

Introducing ADS' Screening Service

We are excited to announce that ADS has partnered with **Agenda Screening Services** and can now offer **Baseline Personnel Security Standard (BPSS)** and **BS7858** screening checks alongside a range of other screening services.

Pre-employment & Background Screening is an important part of mitigating risks during the recruitment process, but screening may also need to be undertaken retrospectively.

The screening services we can now offer are designed to protect your organisation by ensuring that all personnel are screened to the highest standards, giving you peace of mind and confidence in your security processes.

The collaboration with Agenda Screening enhances ADS' commitment to the aerospace, security, defence and space sectors by ensuring the highest standards of security and compliance.

Why Choose ADS Screening Services?

- Designated department under ADS Government Security Services, trusted by HM Government.
- Expertise in personnel security, background assessments, and eligibility verification.
- Screening partner: Agenda Screening Services for tailored, secure solutions.
- Established presence and reputation within our sectors.
- Quality-driven, candidate-focused approach.
- User-friendly, secure systems with fast turnaround.
- Compliance with the highest industry standards.

What is BPSS and BS7858?

BPSS is the recognised standard for the pre-employment screening of individuals with access to government assets. BPSS is a legal requirement for all UK civil servants, members of the Armed Forces and any employees or contractors working with or for the Government and is a pre-requisite to National Security Vetting.

BPSS is a reputable standard for pre-employment screening across many other industries as it provides assurance of an individual's background.

BS7858 is a British Standard Institution (BSI) recommended screening standard for individuals who are to be employed in a security environment.

Screening checks available:
